TESTED OVER THRALL...

## SAC Bombers Bomb By Radar

OFFUTT AFB, Neb. Strategic Air Command B-52 and B-58 jet bombers began missions Wednesday, scheduled until July 21, against simulated targets near Rusk and Thorndale.

Radar bomb scoring equipment mounted on an Air Force train parked at Thrall will use radio and radar signals to measure accuracy of simulated bomb drops. The B-52 Stratofortress and B-58 Hustler bombers will fly at subsonic speeds along a centerline of a 10 mile-wide corridor at 300 to 1,300 feet above the ground during the training missions. SAC aircraft do not carry bombs on these flights.

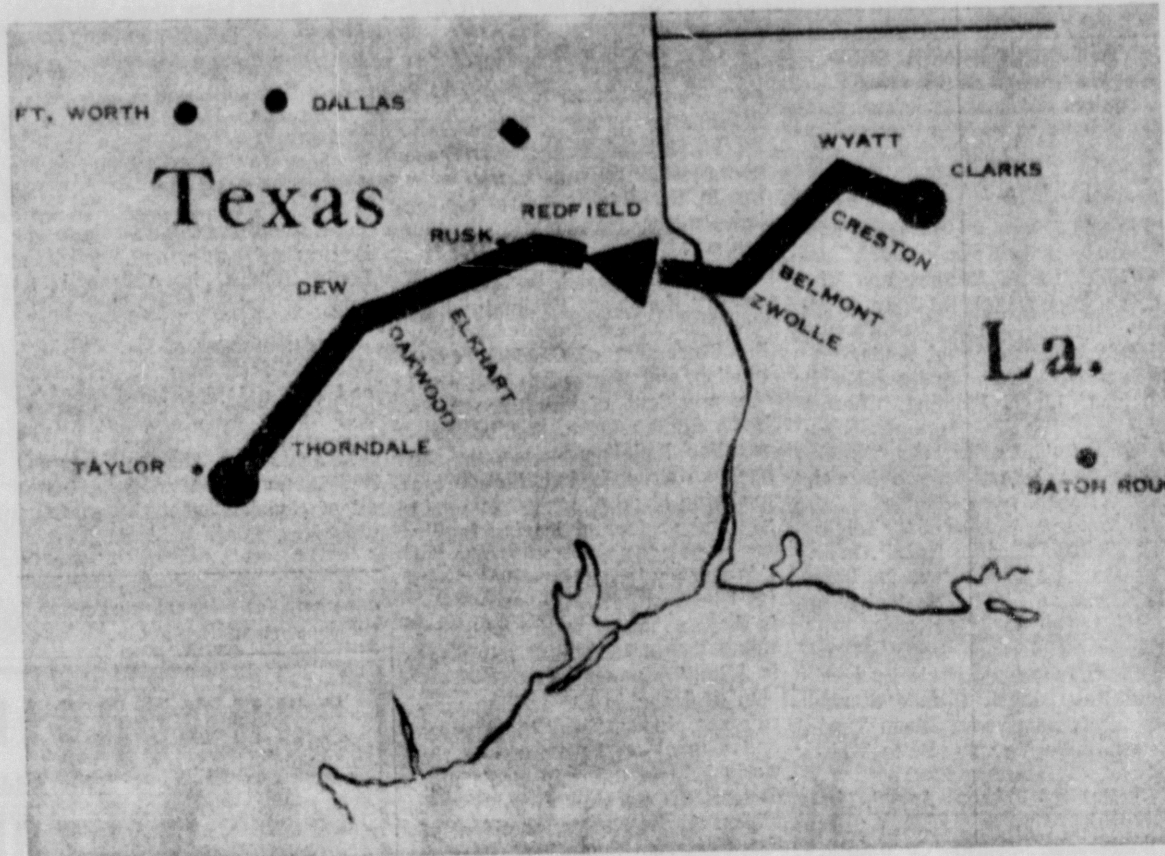

Starting in a northwesterly direction near Clarks, La., the bombers will fly to a point near Wyatt, La., turning southwest and passing near Creston and Belmont, La., to a point near Zwolle, La. The bombers will turn to a westerly direction there and continue to near Redfield, Texas, where they will turn again slightly southwest passing near Elkhart and Oakwood, and make a final southerly direction change near Dew, to a termination point near Thorndale.

The RBS Express, designation for the Air Force trains which carry mobile radar bomb scoring equipment, will remain near Taylor until July 21. During this 180-day period the corridors will be used during weekdays for training missions.

All target and route selections have been coordinated in advance with the Federal Aviation Agency. Areas of population, poultry farming concentrations and heaviest air traffic are avoided whenever possible.

The RBS train is designed to inject realism into SAC's training program by providing crews with a wide range of unfamiliar targets and routes.

The RBS Express is manned by about 65 Air Force personnel. These are radar and electronic technicians plus personnel needed to maintain the train and furnish other support.

## HUBER FIND HITS FLOW OF 84 BARRELS

Milam County's new oil discovery, the J. M. Huber Corporation No. 2 H. H. Coffield Unit, flowed 84 barrels of 24 gravity oil on potential test, according to a report filed last week -- and the well was producing from the Basal Wilcox, a new formation for this area.

The Coffield was completed on perforations 2,761 - 64 feet. It flowed 84 barrels of oil through 12-64 inch choke under 115 pounds pressure on tubing. The well was drilled to a total depth of 2,370 feet and 4 1/2 inch pipe was set to 2,363 feet.

Location of the discovery is on a 40 acre tract in the Henry Martin Survey about six and one-half miles south of Milano and near the Burleson County line. It was considered a rank wildcat since the nearest production is more than 8 miles northwest in the Minerva-Rockdale shallow field. Wells in that field produce from the Navarro.

The Huber Corporation has a large lease block in the area which it assembled last fall before drilling its No. 1 H. H. Coffield Unit, a dry hole.

Reportedly the new discovery is attracting considerable interest from oilmen over the state, since it is one of the largest producers ever found in Milam County, and also produces from the new Wilcox formation. Huber has requested "Three M" as the name of the new field.

In east Milam County the Shell Oil Company No. 2 Adoue Estate was drilling at 14,091 feet on Monday. This was 111 feet deeper than on last Friday when it was reported at 13,978 feet.

The No. 2 Adoue Estate, which is aiming for the Smackover, also is being watched closely by oilmen since it is near the depth that oil-bearing formation may be found. There is some speculation the No. 2 Adoue may be drilling in the Buckner Lime which overlies the Smackover in some areas.

## Mrs. Hromcik Services Today

Mrs. Katherine Hromcik, 93, died in a local hospital at 10:45 a.m. Tuesday. She was born in Czechoslovakia and had lived in Cameron for 55 years.

Funeral services were at 10 a.m. Thursday at St. Monica's Catholic Church with Rev. John Geiser and Rev. Leonard Leddy officiating. Burial was in St. Monica's Cemetery.

Rosary was recited at 7 p.m. Wednesday at Marek Burns Funeral Home.

She is survived by three sons, Joe Hromcik of Burlington, Stanley Hromcik and Rudolph Hromcik of Ft. Worth; two daughters, Mrs. Roy Wohleb of Cameron and Mrs. O. W. Pate of Ft. Worth; one brother, Frank Velik of Czechoslovakia; 21 grandchildren and 20 great grandchildren. Pallbearers were her grandsons.

## SAC Radar Test

## Train Awaits Bomb Runs

Special to The Herald

THRALL Along the rail network of the United States, this time along a Missouri-Pacific siding at Thrall, an Air Force train, manned by highly trained personnel of the Strategic Air Command, lies in wait to become a target for the most accurate bombing crews in the world.

Primarily an aircrew training device, the train provides a target situation that helps to maintain SAC as the Free World's strongest nuclear deterrent force and more recently, provides the training responsible for the accuracy, timing and pin-point delivery of conventional bombs against the Viet Cong in Southeast Asia.

### BOMB SCORE EXPRESS

The train, called the Radar Bomb

Scoring Express, is parked at a little-used siding and is one of three such trains in use by SAC to maintain the high degree of bombing accuracy within the command.

Each train, more than a quarter-mile long, provides the mobility of highly sensitive radar and electronic instruments installed in special vans which challenge the SAC combat-ready crews in seeking out and "bombing" new targets through electronics.

The RBS Express is divided into two nine-car sections.

The front section or the "business" end, contains the electronic and radar gear used to score bombing accuracy and to provide realistic target situations for SAC aircrews. This section also includes a junction car which sepa-

rates the train from the engine, supply, fuel, administrative and maintenance cars followed by units which house radar scopes, control panels, antennas and electrical power generators.

In the second section, or the "live-aboard" as it is called by the men who live there, are the living and dining quarters and utilities for the personnel assigned to the train.

Four cars are used for living quarters for the more than 70 men assigned to each train. Each man has a compact room of his own. Nine cooks, working in three shifts, feed nearly 40 men at a time in the kitchen car.

In addition to the sleeping and dining cars, there are maintenance, power and fuel cars and a "ready" car complete with television and movie equipment which provides a rest area for personnel during their off-duty hours. Six generators aboard can produce 1,070 kilowatts of electricity or enough to operate 2,500 private homes. Food lockers, freezers and storage area contain enough supplies to sustain 72 men for 30 days.

### LIKE SMALL CITY

The trains are self-supporting and have been compared to a small city by the thousands of visitors who have seen them during "open house" programs each train has at each new location. It has its own diesel power plants, 10,000 gallons of fuel in each section, its own sewage disposal and a supply of 10,000 gallons of water. Repairs are made in a small machine shop in one of the cars.

Using an elaborate array of electronic devices, experts aboard the trains try to confuse the bombers' navigation and radar bombing equipment. This type of "battle" is called electronic countermeasures (ECM) and is expected to be a major factor in any future all-out war.

Battle begins some distance away from the target area between the bomber crews and the ground personnel. As impulses are sent up from the RBS trains, the electronic warfare officer identifies and counter-acts with the aircraft's own ECM systems. The devices are also used to confuse the enemy's search radar and guided missiles to avoid detection and possible destruction.

### 'BOMB' RUN MADE

To allow the scoring of the simulated bomb drop which determines the crew's accuracy, the ECM battle temporarily ends long enough for the bomber to complete the simulated destruction of the target. It is resumed immediately after the bomb run and continues until the bomber is out of range.

The aircraft, making high and low altitude bombing runs against the RBS Express are SAC B-52 Strato Fortress and B-58 Hustler bombers. While flying at supersonic speeds, (mach 2) the B-58 bombers fly above 35,000 feet. Subsonic missions are flown at much lower altitudes.

## CAMERON TOPS BLOOD QUOTA WITH 86 UNITS

Cameron topped previous records with 86 units of blood donated Friday through the Central Texas Bloodmobile.

Sister Aloysius of St. Edward Hospital, chairman of Red Cross Blood Program in Cameron, said response to the call for volunteer donors was overwhelming and emphasized Cameron area residents' desire to continue in the blood program.

Sister Aloysius said it was significant that 22 new donors had been registered at the bloodmobile Friday.

Cameron's quota for last week's Red Cross Bloodmobile visit was 74 units of blood. Last year 933 units of blood were received by Milam residents, 262 in Cameron hospitals, 297 in Rockdale and 374 units in hospitals outside Milam County. The blood donated in the county last year was 173 under the quota.

Donor cards, showing the individual's blood type, are available and anyone who did not previously receive a card should contact Sister Aloysius.

## Steve Rieger Dies; Services Held For Thorndale Merchant

Steve Rieger Jr., 58, well known throughout Milam County and a leading Thorndale merchant, died Monday afternoon in an Austin hospital following a sudden illness.

Funeral services were at 2 p.m. Wednesday at St. Paul Lutheran Church, Thorndale, the Rev. Vernon M. Appel officiating. Burial was in the church cemetery.

Mr. Rieger was a native of Thorndale and had owned and operated Steve's Cash Store there for the past 35 years. He was a charter member of the Thorndale Volunteer Fire Department, and an honorary Chapter Farmer.

He was an active member of St. Paul Lutheran Church and was named "Christian Layman of the Year" in 1966 by the San Gabriel Baptist Church.

He is survived by his wife; his father, Steve Rieger, Sr., of Thorndale; two sisters, Mrs. Robert Domel of Thorndale and Mrs. Robert Titsworth of Cameron; three brothers, Willie Rieger of Austin, Sam Rieger of Thorndale and Leroy Rieger of Paris.

Pallbearers were Johnnie Gickhorn, Bruce Simmons, Floyd Noack, Norman Clement, C. A. Wuensch, Dr. R. B. Garrett, Gilbert Melde and Henry Abel. Honorary pallbearers were members of the Thorndale Volunteer Fire Department.

## Incumbents File In City, School

Two incumbents filed for re-election to the Cameron School Board and the City Council this week. Three places are up for election on both the Board and Council.

Forrest Sapp filed for a second 3-year term on the school board. He presently serves as board secretary.

## MOD Work Nets \$625 Thus Far In Team Effort

A March of Dimes bucket brigade netted \$199.74 and a Mothers March \$445.17 among current activities for Milam MOD fund drive, the quota.

Henry Litzman, Jr., county MOD chairman, congratulated businessmen on their bucket brigade efforts and Mrs. James Brock and Mrs. Ladis Marek Jr., leaders of the Mothers March.

Team captains included: Mrs. Ferroll Angell, Mrs. Donald Glass, Mrs. Morris Epley, Mrs. Bentley House, Mrs. Jimmy Lester, Mrs. John Moseley, Mrs. George Barr, Mrs. Grady Coker, Mrs. E. D. Chandler, Mrs. Pete Mikula, Mrs. Truett Burnett, Mrs. W. G. Harsha, Mrs. August Kunz, Mrs. Margie Zoltz, Mrs. Monroe Marek and Mrs. Walter Lester.

## Rites Today For John Bryan, 70

John Bryan, 70, died in a Marlin hospital at 9:50 p.m. Tuesday. Funeral services will be at 2 p.m. today (Thursday) at Marek Burns Funeral Home with Rev. J. E. Laferty officiating. Burial will be in Oak Hill Cemetery.

Mr. Bryan was born April 9, 1896 in Milam County and lived at 500 East 7th in Cameron. He was a veteran of World War I and formerly was a school bus driver for the Cameron schools.

He is survived by his wife, Mrs. Alma Bryan of Cameron; two sons, Douglas Ray Bryan and Ronald Eugene Bryan of Cameron; one daughter, Mrs. Judith Caldwell of Trinity; one brother, W. P. (Colton) Bryan of Cameron; three half brothers, Ed Wilson and Jeff Chesten of Waco and Frank Chesten of Dallas; two half sisters, Mrs. Mary Lucas of Cameron and Mrs. Ruth White of Dallas; two grandchildren.

C. R. Law, president of the Board, announced last week that he will not seek re-election. Charles McDermott, who holds the third place to be elected this year, has not indicated if he would run for re-election.

Filing deadline is March 1. Lawrence Zoltz filed for re-election to Place 4 on the City Council. Zoltz, an Alcoa employee, will be seeking his second two-year seat on the Council.

Mayor pro tem Starrett Hickman had previously filed for re-election in Council Place 3 and John Hays, retired Cameron postmaster, filed for Council, Place 5, a post now held by councilman J. C. Marek.

Hickman, who has served on the council for the past four years, is seeking re-election for the second time.

Deadline for filing in the annual city election is March 4 or 30 days prior to the election.

## Rites Held For Miss Jekel, 91

Miss Annie Jekel, 91, died at 3:30 p.m. Sunday in a local nursing home. She was born March 3, 1875 in Austria and moved to the United States when she was 7. She had lived in Cameron for 64 years.

Funeral services were at 10 a.m. Tuesday at St. Monica's Catholic Church, Rev. John Geiser and Rev. Leonard Leddy officiating. Burial was at St. Monica's Cemetery.

Rosary was recited at 7 p.m. Monday at Marek-Burns Funeral Home.

She is survived by one sister, Mrs. Marie Spicak of Cameron.

## Panel To Discuss Financing Education

School Supt. D. R. Dodson and School Board member Coleman Duncum will lead a discussion on "Financing Public Education" at tonight's (Thursday) meeting of the Parent Teachers Association.

The program and meeting at Ben Milam Cafeteria will begin at 7:30 p.m.

There will be a babysitter for children under 10 years of age.

## Archeology Program For Library Friends

Miss Louise Green will present a program on Archeology for the February meeting of Friends of the Cameron Public Library at 4:30 p.m. Wednesday, February 8.

The History Club will host the meeting at the Library.

## ADMINISTRATORS TEST INTEREST OF LEADERSHIP

About 20 Cameron business and professional men last Wednesday discussed the possibilities of a new \$1,000,000 St. Edward Hospital with two hospital administrators and a hospital engineer.

The three left the preliminary informational meeting with the impression that Cameron civic leadership wanted a new hospital, properly planned and presented for the consideration of Cameron area residents.

They were: Lloyd Varret, of Lake Charles, La., Jack Williams, of Galveston, both hospital administrators; and Hugh Rafferty, of Houston, a hospital engineer.

All were representing hospitals among the 16 within administration of the Sisters of Charity of Incarnate Word, the Catholic Order running Cameron's St. Edward Hospital.

Rafferty told the group that complete new plans and records of the operating budget of St. Edward Hospital would be made available to show the feasibility of operating a new facility.

### 50-BED HOSPITAL

Discussed, though not yet on paper, was a 50-bed hospital with a special wing for indigent patients, to be located on grounds to the south of the present Nun's Home.

The prospect of raising \$250,000 in the Cameron and county area was discussed, a quarter of the money toward the hospital's construction.

Another \$250,000 would be invested by the Order, Rafferty said, and the \$500,000 balance would be applied for through Hill-Burton funds from the federal government.

Purpose of the preliminary meeting last week was to determine Cameron's interest in the hospital, the Order's spokesmen said. They told the civic group they would report Cameron's interest to the Order's Governing Board.

John Henderson Jr., vice-president of the Cameron Chamber of Commerce, introduced the three men.

Dr. C. G. Swift and Dr. S. H. Richardson both explained some of the basic needs of the new hospital.

Questions ranged on the area to be considered in the local drive to the basic plan of the hospital itself.

### PLANS NEXT STEP

Plans would be forthcoming, Rafferty said, after the Order's Board of Governors authorize the steps of drawing plans, contacting Hill-Burton representatives and other evaluations, all preliminary to any fund drive.

Rafferty said that previous figures on the hospital had been premature, mentioned in estimate form during a 1965 Town Meeting in Cameron, without any official review by professional hospital planners.

Any fund drive would take 14 to 16 weeks, officials said. It would be about two years after the fund drive before the facility would be built.

Rafferty said a fund drive later this year would be the goal.

Attending the meeting were: Gene Smithman, Forrest Sapp, Drs. Swift and Richardson, Judge O. B. Harden, Mayor Bassel Wilson, Richard Williams, Hilliard Thomas, Frank Lucke, Ed Schiller, Bill Burns, Henry Siebman, Henry Litzman, Herman Hanel, Roy Law and James Camp. They met at the Chamber Board of Directors Room.

## PARTIES HONOR COUPLE BEFORE FEB. WEDDING

**BUCKHOLTS**  
Mary Cross of Rogers who is bride-elect of Lawrence Hanke of Buckholts, was honored recently with a miscellaneous shower at Hope Lutheran Church Educational Building in Buckholts.

The 53 guests were greeted and registered by Mrs. W. O. Robertson. In the receiving line were the honoree; her mother, Mrs. Arthur E. Cross of Rogers; Mrs. Ernest Hanke, mother of the groom to be; Mrs. P. W. Sakewitz; and Mrs. Arthur Cross Sr., grandmother of the bride-elect.

The registration table, accented with a hand crocheted cloth, held an arrangement of yellow mums in a white vase, carrying out the honoree's chosen colors of yellow and white. The serving table, covered with a white lace cloth over yellow, was centered with an arrangement of yellow mums, flanked by yellow candles. The appointments were crystal and silver. Cake squares topped with yellow roses on white were served by Mrs. Ronald Kostrun of Rogers, and the pineapple sherbert punch was served by Miss Patsy Inge of Buckholts.

Arrangements of yellow and white spring flowers were placed at focal points.

Hostesses were Mrs. Gene Friemel, Mrs. Rueben Gerza, Mrs. W. L. Robertson, Mrs. Dwayne Orsag, Mrs. W. C. Jackson, Mrs. W. A. Persky, and Mrs. C. O. Synatzke. Assisting the hostesses were Misses Linda Synatzke, Donna Cross, sister of the bride-elect, Janice Friemel, Brenda Jackson, Tammy Terry and Debbie Gerza.

Mr. and Mrs. Raymond Schneider honored Miss Cross and Mr. Hanke with a buffet supper in their home Saturday night. They were assisted by Mr. and Mrs. Lloyd Ezzell of Buckholts.

Gifts were brought for the groom-elect. Special guests were the bride-elect's parents, Mr. and Mrs. Arthur E. Cross of Rogers; her sister Donna and brother Lee; the future bridegroom's parents, Mr. and Mrs. Ernest Hanke of Buckholts.

The wedding date has been set for February 11, 1967, at Hope Lutheran Church in Buckholts.

## Mrs. Smith Hosts Texas A&M Mothers Club Meeting Thurs.

The Milam County A&M University Mother's Club met at the home of Mrs. Niley Smith Sr. Thursday, January 26.

The president, Mrs. O. G. Tumlinson, presided at the business meeting. The club voted to send a donation to the A&M Interfaith Chapel. They also voted to select a Milam County girl as duchess for the annual Cotton Pageant and Ball to be held in April at A&M University, sponsored by the Agronomy Society of the university. New officers for 1967 are as follows: Mrs. E. Lehnert, president; Mrs. Leo Fuchs, vice president; Mrs. W. W. Balhorn, secretary; Mrs. O. G. Tumlinson, treasurer and Mrs. H. C. Hill, historian.

During the social hour the hostess served sandwiches, dainty cookies and cake with coffee.

WHEREAS, we mark this year the 120th anniversary of the birth of Thomas A. Edison, whose inventions started an industry that has contributed in thousands of ways to our lives, and

WHEREAS, from Edison's light bulb to today's home appliances, electronic computers and other developments, the contributions continue at an even faster pace and electricity continues to make a world of difference, and

WHEREAS, three million Americans work in the various segments of the electrical industry thereby contributing greatly to the economic standards of this nation, and

WHEREAS, it is only right and proper to set aside a time to express appreciation to electric company employees who are good citizens of this community.

I, Bassel Wilson, Mayor of the City of Cameron do hereby declare, direct and attest that the week of February 5-11 shall be known as National Electrical Week and encourage all fellow citizens to so acknowledge and recognize it.

Signed this 30 day of January, 1967.

MRS. JOHN DOUGLAS TALBOTT

## Miss Barbara Saul Weds John Talbott In Rockdale Church

Miss Barbara Ann Saul became the bride of John Douglas Talbott in a ceremony on Saturday, January 7, at 4 p.m. at the Church of Christ in Rockdale with members of the immediate families and close friends present. Milton Pogue, minister of the church, read the double ring rites.

The bride is the daughter of Mr. and Mrs. Clifford Saul of Centerville. Mr. and Mrs. John S. Talbott of Rockdale are parents of the groom.

Mrs. Eugene Schattle, sister of the groom, was matron of honor, and Eugene Schattle, his brother-in-law, was best man.

The bride wore a blue wool suit accented by a shoulder corsage of white carnations.

The bride, who is a graduate of Centerville High School, will receive her diploma from Durhams Business College in Austin in February. She will continue to work in Austin where she is employed by the State Treasurer.

The groom is serving in the U. S. Army, having just completed his advanced artillery training January 7 at the Army artillery and missile school at Fort Sill, Oklahoma. He has returned to Oakland, California and will be assigned for overseas duty in Vietnam.

## Sen. Watson Urges Involvement In Government, Votes

State Sen. Murray Watson Sunday urged people's involvement in government and said he would not vote for pari-mutuel betting and liquor by the drink.

Speaking at morning services at Cameron First Methodist Church, Sen. Watson said "many of our ablest people refuse to work in government, and neutrality in life is seldom the honorable way."

He made a similar lay Methodist address Sunday night at his Waco church.

Sen. Watson said he was alarmed by the lack of interest in general elections, bond issues and school and city elections.

"Christians have a duty to be active," he said. "Religion is politics in action."

He said welfare costs far exceed the income from the sale of liquor and that "gambling lives off those that can least afford it."

He quoted one legislator in Austin who believed liquor by the drink would carry in the 60th Legislature. He was taking 8-5 odds, Sen. Watson said.

The State Senator was introduced by Rev. Richard Freeman, church pastor.

## Milano Supt's Contract To '70

The Milam Independent School Board awarded Superintendent R. L. Porter an extension of one year to his present contract, which now terminates in 1970, at their regular meeting January 26.

The Board set April 1 as the day for Trustee Elections, with March 1 as deadline for filing as a candidate.

## A Raise And 'Then Some'!....

Texas teachers want a pay raise. They rank collectively 33rd in the nation on the pay scale, so it is not out of the question that additional income is important at least to gain the national pay average.

This is somewhat elementary. What is not elementary is how they are to continue to ply their profession. Our schools have been producing graduates with an "adjustment syndrome" for some 30 years, but more particularly in the last 15.

Texas schools urge as first priority intellectual discipline, but the emphasis in human relations or "group adjustment" generally outweighs the intellectual side.

It is our opinion that the greatest loss to humanity is the gifted child who fails to acquire the credentials to develop his mentality. Public education, quite often, squeezes it out of him, fails to motivate him. Its concern with an indefinable "mean or average" stultifies or leaves him shapeless.

This country's fear of an elite has great protection in our political system. It is quite American to abide monstrous waste, witness our urban problems, for consideration of the group. How long, however, can the group survive wishing to lead itself leaderless?

It is our further opinion that the majority of our society would have more flexibility, more freedom, if its public schools would imbue the wisdom of electing the best qualified, and not

the most popular, or good looking, or best dressed to leadership roles.

Size, says the teacher or the unionman or the business executive or the bureaucrat, requires organization. It requires regimentation.

It also requires insight into its inherent dangers. Constrict the individual, any individual, but especially the gifted individual, and the morass of the group is even thicker.

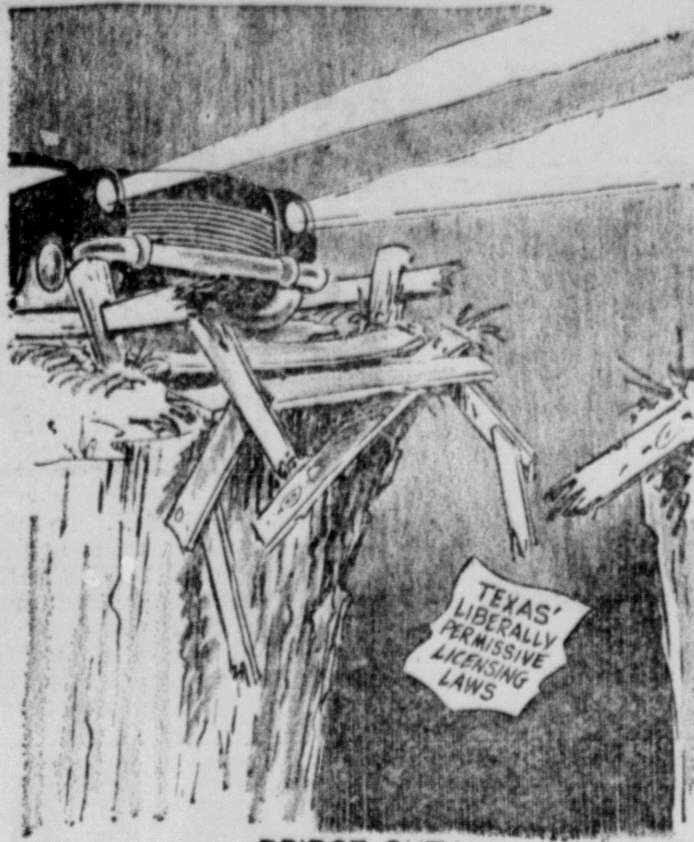

The gifted would not necessarily become greedy, in view of our governmental structure, but quite possibly inspired to deal with mass problems more effectively than gifted, but mass produced leadership.

It would be the teacher's role, in Texas for example, to condition such compassion in the gifted and for the education system to allow him the freedom to approach his potential.

It is our contention that more teachers would be dedicated to the student, from slow to bright, more than to cost-of-living clauses in their contracts.

The gifted need just as much attention as the less gifted. How different things might be if the superior talent could develop typical American compassion in the ferment of real intellectual growth.

So grant the pay raise and demand what seems impossible: That insight into potentially great and potentially not so great be the same, and that the aim not be at an improbable "norm".

## Hearings Start On Race Betting

AUSTIN — They're off! And running! With a hearing Tuesday night on a bill to legalize horse-race betting in counties where voters approve, the Legislature got into full swing. Committee actions soon will lead to final decisions.

Organization of both houses is complete. To date more than 400 bills have been introduced and referred to committees. Meetings will be scheduled mornings, afternoons and evenings to hear sponsors and objectors. . . . to listen to those who think the bills should or should not be passed.

Floor action soon will begin in earnest and the pattern of the session will quickly take form.

**CROSS-CURRENTS** — One pattern emerging early has been a widening difference between the Senate and House leadership.

Senate majority seemed determined to pass a \$5,200,000 bill to give 20 percent overall pay raises to the 40,000 state employees by March 1. Speaker Ben Barnes and the House leadership seem equally determined to prevent it, and likely will succeed.

Gov. John Connally is readying his tax program. Lt. Gov. Preston Smith, noting that spending from the state's main checking account can be \$217,000,000 higher for the coming two years from currently expected revenues without new taxes, suggested that the line be held on taxes.

These differences point up the conclusions being drawn by Capitol observers that Smith will go for governor in 1968, even if Connally tries for that unprecedented fourth term.

**BILLS, BILLS, BILLS** — All 181 legislators have been busy introducing bills they feel should become laws. The range is wide, as always.

Rep. Jake Johnson of San Antonio thinks his bill to legalize the sale of liquor by the drink (labeled the LBJ bill — liquor by the jigger) has a fighting chance. His poll of House members shows 67 for, 41 against and 21 undecided. He's thus only 9 votes shy of the 76 votes needed, with 21 members yet to poll.

Rep. James Slider of Naples has one to make Texas eligible for highway beautification money from the U.S., and to allow the Highway Department to buy scenic easements to move billboards and junkyards off the roadsides.

Rep. Dick Cory of Victoria wants to repeal the new Code of Criminal Procedure lawmen are fussing about, and to restore the old law. Others are proposing changes in the new law, and Rep. James E. Nugent of Kerrville, chairman of the House Criminal Jurisprudence

## OLD PHILOSOPHER

Editor's note: The Old Philosopher on his Johnson grass farm on the Yegua interprets the agricultural situation in his own way in his letter this week.

I was sitting at home out here on this Johnson grass farm the other afternoon reading a newspaper which was explaining how China is in turmoil and if one side doesn't win the other one will, unless there's a stalemate, when an energetic friend of mine from town drove up.

"Reading a newspaper in the middle of the afternoon?" he asked. "No wonder you're always behind with your work."

"On the contrary," I said, "I'm

just waiting for the rest of the world to catch up with me."

He didn't take time to digest that, said he was in a hurry, only wanted to borrow a grubbing hoe, which I would have lent him if I could have remembered where I put it last summer, or was it the summer before, and he left. Had he stayed I would have explained about farmers waiting for the rest of the world to catch up.

According to an article in the paper I was reading, a hundred years ago it took 4 million farmers to feed the people in the United States. Today, about 3 million are doing it, despite the fact the population has jumped from a few million to nearly 200 million. One time it took 70 percent of the people to run the farms, now it takes only about 3 percent, despite the fact a hundred years ago only 475 million acres were in cultivation, compared with over a billion acres today.

If every other phase of activity had become as efficient as farming, I estimate one governor could now handle 15 or 20 states, one

AG OPINIONS — Atty. Gen. Crawford Martin has ruled that a constable is not barred by state law from becoming a surety on a bail bond, but there are circumstances that would make it official misconduct on his part.

Other rulings: That the Veteran's Land Board does not have authority to permit a veteran purchaser to substitute a different tract of land for one covered in a Board commitment prior to December 1, 1965. . . . It is not illegal to catch fish by hand. . . . Fraternities at the University of Texas Medical School at Galveston are not exempt from property taxes. . . . When a sheriff arrests a person under a writ of attachment, he may elect to accept the arrested person's personal bond, if the civil court order does not specify sureties or other security.

**WILDLIFE AREAS SOUGHT** — Parks and Wildlife Department has proposed to legislative budget writers purchase of 233,000 acres for inclusion in 16 wildlife management areas in Texas.

PWD said 130,000 acres are needed in brush country — Rolling Plains, West Cross Timbers, Grand Prairie, Trans-Pecos, lower Coastal Prairie and Pineywoods. Another 93,000 acres is requested for expansion of five existing management areas and preservation of native brush in the Lower Rio Grande Valley for nesting use by white-winged doves.

Department asks authority to use unappropriated balances from \$7,000,000 Special Game and Fish Fund No. 9. State money would be matched by federal aid which would provide 75 percent of cash, under proposal advanced.

### Conner Appointed Huntsville Asst. PM

Robert E. Conner has been appointed assistant postmaster at Huntsville. At 29, he is one of the youngest assistant postmasters in Texas.

He is a native of Milam County and attended school at Milano where his parents, Mr. and Mrs. R. M. Conner Jr. lived for several years. His mother is the former Lorene Ashley of Milano. He is the grandson of Robert M. Conner Sr. of Cameron.

Conner moved to Huntsville in 1952 when his father was named chief of police. He has been employed at the Huntsville post office for the past ten years.

### Harbour Accepts Waco Pastorate

ROGERS — The Rev. Brian Lee Harbour, son of Mr. and Mrs. B. F. Harbour of Rogers, began his pastorate Sunday, January 29 at Brook Avenue Baptist Church in Waco, Brook and 7th. Harbour and his wife, the former Janet Sportsman of Kansas City, Missouri, will occupy the parsonage that belongs to the church.

Mr. and Mrs. Harbour are students at Baylor University; he a graduate student in the department of religion, and she a senior student in the school of arts and science. Harbour resigned his pastorate at Belfals Baptist Church near Troy Sunday before last.

Home Landscape  
Workshop Report

A beautiful, well-kept lawn adds to the material value of a home and is a basic requirement for an attractive yard, according to Mr. Everett Janne, Landscape Specialist from A&M. Mr. Janne discussed principles of landscaping and maintaining the landscape plants and lawn, at the county wide meeting held in Cameron last week.

Mr. Janne started his discussion by pointing out the three areas to be considered when selecting a site to be used as a base for the kind of landscape you desire. "The approach or entrance," the "work unit," and the "living area," basically were discussed as the blueprint for planning. How much landscaping a family does will depend on the individual property, arrangements of sidewalks and streets, how much you can afford, the size and shape of the lot, the available time and labor for properly caring for the plants after the job is finished, and last but not least, the amount of cooperative interest, information and appreciation a family has for a landscape program.

Landscape planning, analyzing the problem and determining the needs are discussed in the Landscaping Bulletin B-980, available at the county agent's office. The

Grad Study Award  
To Local Student

Anita Archer Wallace of Cameron is one of the graduate assistants and fellows who have been appointed for the 1966-67 academic year at Texas Christian University.

"The graduate study awards for this academic session represent the largest number given by TCU," Dr. Sandy A. Wall, associate dean of Graduate School, announced.

"For 1965-66, 263 students received a total of \$433,266 in financial aid with funds made available by the University and such sources as National Aeronautics and Space Agency, National Defense Education Act, National Science Foundation and research grants.

Mrs. Wallace of 702 E. 10th St., received her BFA degree from TCU in 1961. She will be seeking her M.Ed. degree in educational guidance at the University.

Cen-Tex Development District  
To Hire Director, Initial Staff

Judge O. B. Harden, Milam County executive board member for the Central Texas Economic Development District, said this week that an initial staff will be hired and offices established for the Cen-Tex EDD in February.

Judge Harden said the executive board is making application for a planning and administrative grant from the Economic Development Administration and looks for approval of the funds in February.

Harden said the far reaching purpose for the district was to increase standards of living for the 12 county area, particularly among very low income residents, and improve the physical and social environment through industrial growth.

An initial staff of a director, an assistant director-planner, and a secretary-bookkeeper is contemplated. Offices will be established at James Connally Technical Institute, Waco.

Board Chairman J. Howard English, County Judge of Hill County, Hillsboro, will accept applications for the staff positions. The Board suggested desired qualifications for director would include a Masters Degree in Economics, Public Administration, or Regional and City Planning, or equivalent in practical experience.

The counties comprising the Central Texas Economic Development District are Bell, Hill, McLennan, Hamilton, Milam, Limestone, Falls, Coryell, Somervell, Bosque, Freestone, and Lampasas. Each county is represented on the District Board by five representatives: one elected official, one representative of a minority group, one representative of labor, and two representatives of business. The representatives of Milam County are: O. B. Harden (Executive Board), J. L. Banks, John Brust, Ben Ford, Boswell Newton and Bassel Wilson.

JOB WELL DONE brings third Commendation Medal for Master Sergeant Willie V. Pearson, formerly of Rosebud.

Pearson Awarded 3rd USAF Medal

ROME, N. Y.

Master Sergeant Willie V. Pearson, son of Mrs. L. V. Pearson of Rt. 1, Rosebud, has been decorated with the U. S. Air Force Commendation Medal at Griffiss AFB, N. Y. This is the third time he has received this award.

Sergeant Pearson was awarded the medal for meritorious service as a personnel technician at Mather AFB, Calif. He was cited for his exemplary ability, diligence and devotion to duty which aided immeasurably in the effective performance of his unit's mission.

He is now at Griffiss as a member of the Strategic Air Command which maintains America's constantly alert force of intercontinental missiles and jet bombers.

The sergeant, a graduate of Rosebud High School, served during the Korean War.

His wife, Marcell, is the daughter of Mrs. H. A. Bishop of 1203 S. Platinum, Deming, N. M.

ALL  
NUMBER  
CALLING  
is coming to  
Cameron

Over the next year, Southwestern Bell will be making a gradual change to All Number Calling in Cameron. All Number Calling (ANC) simply means that telephone numbers will consist of seven numerals instead of two letters and five numerals.

About three-fourths of the nation's telephones already have this numbering system.

Most Cameron numbers will stay the same for the present, although everyone will have the new type of number within about two years.

For most customers, the change to ANC isn't really much of a change. For example, if your number is KL 5-2368, your new number will be 555-2368. Technically, this is your same old number expressed a different way. And you'll dial it exactly as you always have. Look at your dial—5 is the same as K and L. So, for most practical purposes, there's no change at all.

Why the change? The reason we're elimi-

nating central office names is simple. On a nationwide basis, we're running out of suitable, easy-to-pronounce-and-understand names. All Number Calling gives us about 50 per cent more usable telephone numbers. We need these new numbers to keep up with the demand for new service.

There are several things you'll like about All Number Calling. Confusion between letters and figures (such as I and one, O and zero) and between central office names (such as HUDSON and HOMESTEAD) will be eliminated. This means fewer pesky "wrong numbers"—something we can all do without.

Also, your dialing will be faster and easier, with only numbers to look for on the dial.

While the changeover to All Number Calling will be gradual, we thought you'd like to know now that it's on the way. If you have any questions about the change, just call your telephone business office.

## CITY-

Continued From Page 1

"2. This equipment is purchased exclusively with city tax money; and non-city residents are receiving some degree of fire protection from equipment for which they do not pay.

"3. When the City's equipment is outside the city limits the city residents are left without the full fire protection for which they pay.

"4. The compensation received by the cities for making such calls, on the basis, outlined above is totally inadequate to off-set the operating expense and wear and tear on the equipment.

"5. The fire equipment owned by the cities is not properly designed or intended to be used for the type of fires encountered on country calls. The sites of these fires frequently require off-the-highway use of the equipment and to fight them effectively requires a large supply of portable water. This lack of adequately designed equipment increases the manpower need as well.

"6. The answering of out of city fire alarms places in jeopardy the equipment and men riding it to and from the fire site, and exposes the City to legal liability should the equipment be involved in an accident or personnel are injured in the fire or in getting to and from the fire.

"We are sure you are familiar with existing laws which authorize the county to purchase and maintain fire fighting equipment. Many Texas counties, including several in our general vicinity, have already followed this procedure in order to eliminate similar problems of their incorporated towns.

"County purchase and maintenance of fire fighting equipment (which is usually manned by members of the Volunteer Fire Departments of the incorporated towns) is alternative to some formula whereby the incorporated towns will be compensated reasonably if they are to continue to make available their equipment for use in fighting rural fires.

"City Council believes that because of the seriousness and the urgency of the situation, it is imperative some immediate action be taken to correct the situation.

"We are therefore requesting that you commence a discussion and study with us at the earliest date with view of working out a solution.

"On behalf of myself and the City Council, I wish to assure you of our desire to cooperate with the county officials; and we are ready and willing to work with you in every possible way on this or any other mutual problem...."

competed in team events at Cameron Bowling Lanes.

The Ladies' tournament will continue this weekend with doubles and singles competition. Saturday, 49 sets of doubles are scheduled to begin at 2 p.m. and again at 7 p.m. and Sunday at 2 p.m. and 6 p.m.

Mrs. Lavern Slavik, secretary for the League said that 110 bowlers had registered for the doubles and singles events.

Eplen Furniture team rolled up a top score of 2653 to claim the first place trophy and arm patches for team members. Steelworkers from Rockdale were close contenders with 2650 total pins for second place.

Third through eighth place rankings went to Dairy Queen of Rockdale, 2611; McLeod Insurance of Rockdale, 2587; Irene's Embroidery of Cameron, 2576; Yoakum Housemoving of Rockdale, 2550; Green's of Cameron, 2549; and New Cameron Drug, Cameron, 2520.

Bowlers who bowled 50 pins over their average in the tournament were: Mary Tucker 178, Geneva Isaacs 162, Lillie Richter 179, Ann Backhaus 220 and Gladys Tittsworth 200.

Bowling in the 500 series: Marie Ann Laake 513, Gladys Tittsworth 546 and Ann Backhaus 534.

## Buckholts, Troy Lead Scoring In Rogers Tourney

Buckholts Junior High School girls and Troy Junior High School boys won first places in the Rogers annual Junior High School tournament which ended Saturday night in the Rogers gym. Florence girls were second and Rogers boys were second.

Troy girls were third and Florence boys were third in the tourney. Lott girls and Academy boys won consolation places.

The all-tournament teams were as follows:

Girls: guards - Shelia Randolph, Troy; Susan Knauth, Florence; Becky Shenkir, Buckholts; Forwards - Debbie Stapp, Florence; Becky Beckheusen, Buckholts; Debra Johnson, Lott.

Boys - Eugene Brenek of Rogers, Eddie Newman of Troy, Glenn Lefner of Florence, Gordon Haisler of Buckholts, and Marty Smithson of Troy.

Alex McKee is junior high coach for Rogers, Donald Godwin is head coach, and Raymond Ezzell is assistant coach and high school basketball coach. Darwin Schwertner is junior high school principal.

TRAIL RIDE QUEEN -- Miss Abby Gail Batte, 17, daughter of Mr. and Mrs. John S. Batte, of Cameron, is 1967 queen of the Central Texas Trail Riders, who plan a five-day trail ride to San Antonio from Rockdale. She will participate in press interviews and well-coming ceremonies with the queens of seven other trailrides. The eight queens will highlight a parade February 10, representing the San Antonio Stock Show and Rodeo. Miss Batte will be participating in fourth of four Central Texas Trail Rides. She is a senior at Yoe High School.

## MURRAY GO ROUND-

By Tom Murray

It was October, 1960, a cold, cloudy day in Austin.

Arkansas' football team had just snatched an unbelievable 24-23 field-goal victory from Darrell Royal's University of Texas Longhorns in the final 16 seconds.

Happiness, delirium ruled in Arkansas hearts. Bitter disbelief shrouded all that was Orange.

It was no setting for intrusion. And yet, a young Baylor assistant, named Hayden Fry, on the scene to scout Texas, was wild with undiluted happiness. Offending not only UT supporters, he openly cheered for Arkansas against the host team. Mature collegiate coaches simply do not do those things.

But, Hayden Fry was being himself. And that, my friend, is different.

Six years later, Heyboy Hayden's originality has him in hot water, despite the obvious fact that he is a bright, young Championship Coach at Southern Methodist. Perhaps one of the nation's best. SMU grads should be on Cloud Nine, since Fry's handiwork just milled the first Southwest Conference championship on the Dallas Hilltop in 16 years. But, they are not.

Most SMU grads are satisfied about winning. But some, very influential, are not happy about Hayden's impetuous tongue, and are saying so. Dallas writers, the very

ones who created an early success image for Fry, are tearing his hide in print. They have taken him to task for a less than prudent handling of the alleged threats of Pony Negro Star Jerry Levas.

They have needed him for losing poise. For accusing writers of underselling his team and coaching ability. One Big-D writer said a certain sign things are not happy in the Pony Camp came when SMI Blackfield Coach Pug Gabrel resigned to accept the same position with a small Louisiana college. Then two other staff members deserted. This usually does not happen to the Champ. It certainly should not happen to the Southwest Conference Coach of the Year.

It is almost as embarrassing as well, as meeting Georgia in the Cotton Bowl.

### SPORTS A'PLENTY

Stories in Houston newspapers that Bridge City's gifted Steve Worster is headed for University of Houston are plants. "I have not told a soul that I am going to Houston," the Blue-Blue Chip Tailback says. . . Baylor captured the hottest athlete out of Dallas since Jack Collins, when South Oak Cliff's Derek Davis, a Lawrence Elkins-Tupe split-end, told Nice Guy John Bridgers to count him in the Baptist Roll Call. . . Bridgers also got a promise from David Cooper, Dallas Hillcrest's super fullback.

It was not surprising to one Rival Recruiter that Texas A&M received a commitment from Houston Westbury's All-City Halfback, David Elmendorf. "I took the Elmendorf family out to dinner," the fellow was saying. "They are a fine family. I asked David's 14-year old sister where she wanted to attend college. 'I am,' she answered bluntly, 'an Aggie!'" . . . "I called the coach, right then," says our Hero, "and told him to forget signing David." . . . Papa Elmendorf, you see, is a dedicated Aggie. . . Bill Zapalac, son of another Aggie and a star end at Austin McCallum, will cast his lot with Texas. His dad, Willie Zapalac, coaches Royal's offensive Longhorn line. . . Marvin Tate,

Houston Securities salesman who was a scrappy guard and co-captain on Bear Bryant's first A&M football team, is Teammate Gene Stallings' No. Uno Houston ivory-hunter.

How about Stallings complaining that changing the punt rule was done, "...to please the fans."...

## Production Costs Up For Farmer, Land Bank Says

HOUSTON

Rising production costs began to make inroads into farmers' and ranchers' net income as 1966 ended, and the outlook for 1967 indicates the same.

Hal Weatherford, president of the Federal Land Bank of Houston, said today that farmers and ranchers in Texas, served by the bank, will probably have about the same gross income in 1967 as in 1966 but their net may be off by as much as 5 percent.

The bank which Weatherford heads provides long-term real estate loans to farmers and ranchers throughout Texas.

"The prices of virtually everything farmers need will be up in 1967," Weatherford predicted. "Real estate taxes may increase by another five to seven percent; feed, fertilizer, labor costs, insurance, seed, livestock -- all are likely to follow the same pattern."

The cost of money, upon which interest rates to farmers is based,

Stanley Sommers has been elected cashier of the Bank of Commerce in College Station. was higher in 1966 than at any time in the bank's 50-year history, he said. This had an adverse effect upon the bank as well as upon its borrowers.

1967 STATE 4-H HORSE SHOW  
The 1967 State 4-H Horse Show will be held in the Ector County Coliseum to Odessa August 10-12. B. F. Yates, Extension Service animal husbandman, says more than 10,000 Texas 4-H Club members are now enrolled in the horse program and that about 240 will participate in the state show. County and district shows are held earlier in the year to determine the participants in the state show.

## —LEGAL NOTICE—

An ordinance fixing and determining the general service rate to be charged for sales of natural gas to residential and commercial consumers within the city limits of Cameron, Milam County, Texas, and providing for the manner in which such rate may be changed, adjusted and amended.

BE IT ORDAINED by the City Council of Cameron:

SECTION 1. Effective with the first gas bills rendered on or after the 1st day of March, 1967, the general service rate for sales of natural gas rendered to residential and commercial consumers within the city limits of Cameron by Lone Star Gas Company, a Texas corporation, its successors and assigns, is hereby fixed and determined as follows:

First 1,000 cu. ft. or fraction thereof \$1.67 gross; \$1.50 net.  
All over 1,000 cu. ft. at \$8.43 gross per MCF; \$ 7.50 net per MCF

No gas bill will be rendered to any residential or commercial consumer served under the above rate not consuming any gas during any monthly billing period.

## ADJUSTMENTS

An amount equivalent to the proportionate part of any new tax, or increased rate of tax, or governmental imposition or charge (ex-

cept state, county, city and special district ad valorem taxes and any taxes on net income) levied or assessed against the Company or on its gas business, as the result of any new or amended law, ordinance or contract, after January 1, 1966. Each gross monthly bill shall be adjusted proportionately. Company at its option may forego the application of any adjustment if such adjustment would result in an increase in the monthly bill; however, failure of Company to apply any adjustment shall not constitute a waiver of Company's right, from time to time or at any time, to make any adjustment in whole or in part, in any subsequent current monthly bill that may be applicable to such bill under the provisions of the foregoing adjustments.

Net rate shall apply to all bills paid within ten days from monthly billing date.

In addition to the aforesaid rates, Company shall have the right to collect such reasonable charges as are necessary to conduct its business and to carry out its reasonable rules and regulations in effect.

The above rate is applicable to each residential and commercial consumer per month or for any part of a month for which gas is used at the same location.

SECTION 2. The rate set forth

in Section 1 may be changed and amended by either the City or Company furnishing gas in the manner provided by law. Service hereunder is subject to the orders of regulatory bodies having jurisdiction, and to the Company's Rules and Regulations currently on file in the Company's office.

PASSED AND APPROVED on first reading on this the 20th day of December A.D. 1966.

FINALLY PASSED AND APPROVED on second reading on this the 17th day of January A.D. 1967.

ATTEST: J. P. Fuller, Secretary, City of Cameron, Texas  
STATE OF TEXAS  
COUNTY OF MILAM

I, J. P. Fuller, Secretary of the City of Cameron, Milam County, Texas, hereby certify that the above and foregoing is a true and correct copy of an ordinance passed and approved on first reading by the City Council on the 20th day of December, 1966, and finally passed and approved on second reading by the City Council on the 17th day of January, 1967, as it appears of record in the Minutes of said City Council in Book 10, page 238.

WITNESS my hand and seal of said City, this the 17th day of January, 1967.
